

Update server license using Sentinel ACC:

- 1) Start Sentinel Admin Control panel on the server using your web browser with this url:
http://localhost:1947.
- 2) Go to **Update/Attach** on the left menu.
- 3) Click **Select File** (marked in yellow) and browse for the provided v2c file.

- 4) Click **Apply File**
- 5) A success message should appear.
- 6) Your license is now ready to use.
